### WILL ASK FOR RELIEF

Commissioners Seek Courts Assistance for Stone Road Work

Availing themselves of the recent flood relief legislation, Wood county commissioners are asking common pleas court to grant the privilege of making temporary repairs to stone roads injured by the April flood to the extent of \$5,000.

### TIMMONS BURGLARY CASE

When arraigned before Judge Killits in federal court Friday Alvin Timmons and Samuel A. Timmons, charged with having blown the safe in the Bradner postoffice, pleaded not guilty and were held for trial. Bonds of \$5000 were ordered but not furnished. Hearing was set for May 26.

Nine other prisoners were arraigned, as follows: Edward Kelley, 30, charged with the theft of a package in interstate shipment; George Herman, receiving stolen property. Ted Kiefer, George Franch and George McCord, stealing freight in transit; Eugene Hicks, white slavery; Andrew Bavich of Marion, O., forgery; Irel Daniels and Minnie M. Daniels, counterfeiting; John Stone, theft.

All pleaded not guilty with the exception of Kelley. He was remanded for sentence.

John Duffo strenuously denies that he conveyed Florence Opel from Detroit to Marion, O., for immoral purposes, as charged in the indictment of Monday last and will employ an attorney to defend him. Trial was set for May 21 with bonds of \$1000.—Toledo Times.

### ANOTHER DAMAGE CASE

Suit for \$15,000 damages has been brought against The Edward Ford Plate Glass Co., of Rossford, by Eli Myers, a minor by his next friend Agnes Myers. Plaintiff claims his right leg was broken May 30th, 1912, at the defendant's factory when a steel or iron table and truck were pushed against him as he worked within a three foot enclosure. He claims other minor injuries also. For all of these he asks \$10,000. He further recites that Dr. Noah A. W. Stoker, working for the company, did not set his leg properly and he asks further damages of \$2,000 for that. He also says that Company Surgeon Dale Wilson induced him to have the leg rebroken and that it was not reset so as to give him its use. He asks \$3,000 for that.

### FUND FROM AUTO LICENSES

The commissioners are trying to figure out some way by which Wood county can get the benefit of its share of the state auto license fund. The amount collected by the state is approximately \$600,000 and Wood county's share of this is about \$14,000 this year; but under existing laws it appears not to be available unless an equal appropriation is made by the county commissioners for stone road improvement, (new roads) under the supervision of the state highway commissioner.—Sentinel-Tribune.

### FOR THE WEAK AND NERVOUS.

Tired-out, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Rhinevaunt, of Vestal Center, N. Y., says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by all druggists.

### OHIO CORN BOYS

Rang the Bell of the Twentieth Century

"I am glad to talk to boys who are 50 bushels better than a man." This was the striking sentence with which the President of the Board of Trade at Harrisburg, Pa., began his address to the Buckeye Corn Boys enroute to Washington, in December, 1912.

The average corn yield for men in Ohio is 35 bushels per acre. The Corn Boys last year averaged 85 bushels. 'Twas a famous victory. It indicates possibilities. It discloses the need of intensive farming. The resources of an acre of dirt are yet to be determined. The Good Book has suggested that "A little child shall lead them." That is what the Corn Boys are doing for their fathers.

The Corn Boys' contest pays in many ways.

Ohio cultivates three million acres in corn.

The average field is planted in rows, three stalks in a hill. A four-ounce nubbin on each stalk will produce the average yield of corn we now get in Ohio. A profitable ear of corn ought to weigh ten ounces or more. Nubbin farming does not pay and exhausts the soil.

If the Corn Boys shall have the means of adding one bushel to the yield of each cultivated acre in Ohio, 3,000,000 bushels of grain would be added to the prosperity of our state, and one and a half million dollars added to our pocketbooks and bank deposits. If the Corn Boys could be the agency whereby one ounce in weight would be added to each ear of corn produced in Ohio, 20,000,000 bushels would be added to our harvest. One ounce to the ear and one bushel to the acre are small in themselves, but they add tons and train loads of commerce to a state.

Increasing the average crop yield of the field is a cold, brass tack business matter for farmer and business man, producer and consumer. The Corn Growing Contests have done more to keep the boys on the farm than a thousand tons of talk from would-be experts, who try to cure ills while you wait and listen.

Raise the average, is the advice of the Ohio Department of Agriculture.

### BALKAN WAR SONG.

Hurrah, hurrah, we'll sing the jubilee,  
Hurrah, hurrah, the flag that sets us free;  
So we'll sing the chorus from Zzenkqif to the sea,  
While we go marching through Skyplogwofnifzixmifqobjifopof.—Ex.

## SUBURBANITES

Proud of Their Locality Organize Progress Club

The farmers of the north end of Perrysburg township met at the home of Henry Weseman and wife the first Thursday of March last and organized a club to be known as the Farmers' Progress Club and elected officers for one year, as follows:

President—Henry Weseman.  
Vice-President—George Smithers.  
Secretary—Alfred Harris.  
Treasurer—John Eckel.

It was decided to hold meetings on the first of each month at the home of a member.

At the second meeting held at the home of Henry Kirchoff, it was decided to name the settlement and each member having the privilege of selecting a name to be presented at the third meeting which was held at the home of George Smithers and wife, and at this meeting the name of Glenwood was selected as the most appropriate, and hereafter the settlement will bear the pleasingly poetic name of Glenwood.

It was also decided that each residence should also bear a name that might distinguish it and make it more easily located, and to keep the entire neighborhood in harmony with the newly christened Glenwood.

This is the first Farmer's Progress Club to be formed in this immediate locality, and we hope to hear of many more such organizations.

Look out for Glenwood, and its Farmer's Progress Club.

### MADE NIGHT HIDEOUS.

A party of people came up to Perrysburg last Saturday night for the purpose of enjoying a dance and if they had confined themselves to dancing there would have been no complaint to make of their coming here, but the dancing seemed a minor part of their style of amusement.

By various means and methods they succeeded in making night hideous with their disturbance, which was continued without interruption until the morning hours of Sunday arrived.

We would suggest to the proper authorities that when the hall is rented to strangers an officer should be stationed in the hall for the purpose of protecting the village property and preserving order, or at least to keep the mob from breaking windows and throwing empty bottles on the pavements, racing with motorcycles on the streets, and using language too vicious and degrading for human ears to hear.

Although it would seem impossible that so much disturbance would fail to attract attention the records fail to show that any arrests were made.

### PERRYSBURG A. C.'S WIN

The Perrysburg A. C.'s played another nice game Sunday defeating the New Majestics of Toledo by the score of 11 and 3. All the boys played a fine game, featured by the hitting of R. Ryder who went against the ball for two home runs and a bagger. Next Sunday the boys make a trip to LeMoyne and cross bats with their fast team. All the remaining games expect to be played at home, so be prepared to help the boys with your presence and a little noise.

### HOMER TULLER IS DEAD

Homer Tuller, aged 75, veteran resident of Rossford, died at his home in that suburb at 11:25 o'clock Sunday night. Though he had been ill for several months, exact cause of his death is not known.

## BE GOOD FOR SOMETHING

Hon. Frank Mulholland Delivers Able Address in Perrysburg.

### BE GOOD FOR SOMETHING.

This was the text taken by Hon. Frank Mulholland in his address before the people of Perrysburg last Thursday night when he appeared here by invitation of the Perrysburg Civic association.

His address was a message which should have been heard by every citizen of the village, and which, if taken home and made a part of every Perrysburg man's daily life, would soon make a remarkable change in the business and social conditions of the village.

He said it is not alone necessary for a man to "be good" because that injunction does not go far enough. Many men are good—for nothing. But the man worth while to any community, is the one who is

### Good for Something.

No man should hide under the excuse that he can't do anything for his home town, as there is no man so poor, so old or so young, but that he is capable of doing something that will help to make the world and especially his home town the better.

The richest man in the world is not the one who leaves the greatest and best name on the pages of history. It is the man who uses his talents and his energy in helping to make the world better, and his greatest and best field of endeavor is his home town.

In harmony with the oft repeated statement of the Journal, he said no man has a right to be constantly taking something out of the world and never putting anything into it. He alone who gives something has a right to expect to receive. The farmer who continues to take a drop off of a field for a term of years without putting something back into the soil to help it produce, is often called a "land hog," and he said such a man is of the same class as the merchant and citizen who is constantly taking something out of his town without putting back into it some of the benefits he receives from it.

He called attention to the fact that the citizens of Toledo had inaugurated a campaign of boosting Toledo and that since that campaign had been started the people of that city did not only boost, but they spelled the word "B-O-A-S-T" and that every citizen of Perrysburg should not only boost

### But Should Boast as Well.

He said the people of Perrysburg

did not seem to thoroughly appreciate the beauties and natural advantages of the town and marvelled at the lack of civic pride that should fill the heart and mind of every citizen.

If a town is a dead one it is because the people in it are dead ones, and said that the man who is too indolent or stingy to get into action for his home village was much like the man who was said to be walking around to save funeral expenses, and that a village would be much better if they would fix the date for the funerals of such people.

Don't go around with a grouch and sneer at every effort of the ambitious man to make the village prosper, but change your face and

"Smile You Sun-of-a-Gun, Smile," and after a while others will smile, and soon there will be miles of smiles, and life will be worth while when you smile."

It is to be regretted that every man in town did not hear that address. It was a message that appeared like a new light which if followed would lead Perrysburg to a new life of pride and progress.

The large audience was captivated with the enthusiasm of the speaker and his excellent speech and interrupted him many times with their enthusiastic applause, and deeply regretted when he closed the ablest address ever delivered in Perrysburg on the subject of Civic usefulness and worthy citizenship.

The entertainment committee have been requested by many of the audience to ask him to return at a later date.

During the evening a fine musical program was given by the W. O. W. band playing several splendid numbers in a highly creditable style while Prof. Joseph Rossbach gave two piano solos in his most capable manner.

Miss Dracht, Director of Music in the public schools, sang two solos in a most charming manner.

One of the most pleasing features of the musical programme was two songs by the pupils of the Seventh grade, Miss Zingg teacher, the pupils being directed by Miss Dracht. There were twenty-two pupils in the class and they sang in splendid voice, and their young voices were so excellently blended and in such perfect time and harmony that they were given great praise for their efforts.
